## INCOME-TAX

### NON-RESIDENT

<p><b>Double Tax Avoidance Agreement (DTAA)</b></p> <p><b>[Sections 90 and 90A]</b></p>	<p>A non-resident is entitled to claim any relief under a DTAA that India has entered into a country or specified territory of which he is a resident, provided he obtains a tax residency certificate (TRC) from the Government of that country or specified territory.</p> <ul style="list-style-type: none"><li>- Before the proposed amendment: <i>where any term which was used in any DTAA that India has entered into with a country or specified territory; or in any agreement that any specified association in India has entered into with any specified association in the specified territory outside India and where such term was not defined under the said DTAA or agreement or the Act, but was assigned a meaning to it in the notification issued under section 90(3) /90A(3) then, the meaning assigned to such term was deemed to have effect from the date on which the said DTAA or agreement came into force.</i></li><li>- In order to avoid litigation and bring clarity to ‘any term’ used in any DTAA that India has entered into with a country or specified territory; or in any agreement that any specified association in India has entered into with any specified association in the specified territory outside India, the meaning of the ‘term’ shall be:<ul style="list-style-type: none"><li>○ If the term is used and defined in an agreement entered into, then the said term shall have the same meaning as assigned to it in the agreement; and</li><li>○ If the term is not defined in the said agreement, but is defined in the Act, then it shall have the same meaning as assigned to it in the said Act and any explanation to it by the Central Government</li></ul></li></ul>
<p><b>VTPA Comments</b></p>	<p>This amendment, as regards, a term defined in the agreement or in the Act, is in line with the decision of the Hon’ble Supreme Court in the case of Kulandagan Chettiar [267 ITR 654 (SC)].</p> <p>The power of the delegated authority, that is, Central Government to explain terms not defined in the agreement, will however, evolve with jurisprudence.</p>

<p><b>Indirect transfer provisions not applicable to FIIs</b></p> <p><b>[Section 9(1)(i)]</b></p>	<ul style="list-style-type: none"> <li>- The capital assets, being shares and interest in a non-resident company, is deemed to be situated in India if such shares or interest derives its value substantially from the assets located in India as per Explanation 5 to section 9(1)(i) of the Act</li> <li>- Explanation 5A shall be inserted in Section 9(1)(i) of the Act which clarifies that the above mentioned Explanation 5 shall not be applicable to any asset or capital asset, being investment held by non-resident, directly or indirectly, in a foreign institutional investor ('FII') which is registered as Category-I and Category- II Foreign Portfolio Investor ('FPI') under the SEBI Act, 1992 and Regulations thereto</li> <li>- Thus, such non-resident investors investing through FIIs/ FPIs are outside the ambit of taxation of capital gains arising on indirect transfers of shares</li> <li>- This amendment will take effect retrospectively from 1 April, 2012</li> </ul>
<p><b>VTPA Comments</b></p>	<p>This amendment sets at rest the various debatable issues that were raised by the CBDT Circular No. 41 of 2016, which indicated that such non-resident investors investing through FIIs were chargeable to tax in India.</p>

<p><b>Offshore funds</b></p> <p><b>[Section 9A]</b></p>	<ul style="list-style-type: none"> <li>- Section 9A of the Act provides for a special regime in respect of offshore funds. ## ***TRANSFER PRICING***

### **Scope of section 92BA of the Income-tax Act relating to Specified Domestic Transactions**

<p><b>Secondary adjustments in certain cases</b></p> <p><b>[Section 92CE]</b></p>	<ul style="list-style-type: none"><li>- New section 92CE in the Act is proposed to be inserted to align the transfer pricing provisions in line with the OECD transfer pricing guidelines and international best practices.</li><li>- It provides instances where assessee is required to carry out secondary adjustments, that is, where the primary adjustment to the transfer price:<ul style="list-style-type: none"><li>o has been made suo moto by the assessee in his return of income or,</li><li>o is made by the Assessing Officer and the assessee has accepted the adjustment or,</li><li>o is determined by an advance pricing agreement entered into by the assessee under section 92CC of the Act or,</li><li>o is made as per the safe harbour rules framed under section 92CB or,</li><li>o arises as a result of resolution of an assessment by way of the mutual agreement procedure under an agreement entered under section 90 or 90A of the Act</li></ul></li><li>- Further, as a result of the primary adjustment to the transfer price, if there is an increase in the total income or reduction in the loss of the assessee, then the '<i>excess money</i>' (difference between the arm's length price determined in primary adjustment and the price at which the international transaction has actually been undertaken) which is available with its associated enterprise (AE), has to be repatriated to India within the time as may be prescribed</li></ul>

	<ul style="list-style-type: none"> <li>- The excess money which is available with its AE, if not repatriated to India within the time as may be prescribed, then the same shall be deemed to be an advance made by the assessee to such AE and the interest on such advance, shall be computed as the income of the assessee, in the manner which may be prescribed</li> <li>- The assessee shall not carry out secondary adjustment, if <ul style="list-style-type: none"> <li>o the amount of primary adjustment made in any previous year does not exceed INR 1 crores, and</li> <li>o the primary adjustment is made in respect of an assessment year commencing on or before 1 April, 2016</li> </ul> </li> <li>- The meaning of the terms '<i>associated enterprise</i>' and '<i>arm's length price</i>' shall have the same meaning as defined under section 92A(1) and section 92A(2) and section 92F(ii) of the Act respectively</li> <li>- The term '<i>primary adjustment</i>' to a transfer price means the determination of transfer price in accordance with the arm's length principle resulting in an increase in the total income or reduction in the loss, as the case may be, of the assessee</li> <li>- The term '<i>secondary adjustment</i>' means an adjustment in the books of account of the assessee and its AE, to reflect that the actual allocation of profits between them, and are consistent with the transfer price determined as a result of primary adjustment, thereby removing the imbalance between cash account and actual profit of the assessee</li> </ul>
<b>VTPA Comments</b>	<p>The terms used in the said provision are not defined in the existing provisions of section 92 to section 92F of the Act, and thus, requires clarity. The adjustment envisaged is notional in nature.</p>

**Limitation on interest deduction in certain cases**

**[Section 94B]**

In line with the Base Erosion and Profit Shifting (BEPS) report of the Organization for Economic Cooperation and Development (OECD) along with the G20 countries, India has taken an important step in implementing Action Plan 4 whereby various measures have been addressed in relation to the issues of excess interest deductions made by the multinational enterprises, that is, to counter cross-border shifting of profit through excessive interest payments, and thus aim to protect a country's tax base.

New section 94B is proposed to be inserted in the Act in line with the BEPS Action Plan 4.

- The said provision shall be applicable to:
  - an Indian company, or
  - a permanent establishment of a foreign companybeing the borrower who pays interest in respect of any form of debt issued to a non-resident, who is an 'associated enterprise' of the borrower. Further, such interest is allowed as a deduction in computing income chargeable under the head 'Profits and gains of business or profession'
- It further provides that where the above mentioned entities pay interest or similar consideration exceeding INR one crores and where the said amount is deductible while computing income chargeable under the head 'Profits and gains of business or profession', interest shall not be deductible in computation of income under the said head to the extent that it arises from the excess interest
- The term '*excess interest*' shall mean an amount of total interest paid or payable:
  - in excess of 30 per cent of its earnings before interest, taxes, depreciation and amortization (EBITDA) of the borrower, or
  - interest paid or payable to an AE, *whichever is less*
- Further, the provision provides a deeming fiction, that is, where the debt is issued by a lender who is not associated but an AE provides an implicit or explicit guarantee to such lender or deposits a corresponding and matching amount of funds with such lender, then such debt shall be deemed to have been issued by an AE

	<ul style="list-style-type: none"> <li>- The provisions shall allow for carry forward of disallowed interest expense to eight assessment years immediately succeeding the assessment year for which the disallowance was first made and deduction against the income computed under the head 'Profits and gains of business or profession' to the extent of maximum allowable interest expenditure</li> <li>- The said provision shall not apply to any entities engaged in the business of banking or insurance</li> <li>- The meaning of the terms '<i>associated enterprise</i>' shall have the same meaning as defined under section 92A(1) and section 92A(2) of the Act</li> <li>- The term '<i>debt</i>' means any loan, financial instrument, finance lease, financial derivative, or any arrangement that gives rise to interest, discounts or other finance charges that are deductible in the computation of income chargeable under the head 'Profits and gains of business or profession'</li> <li>- The term '<i>permanent establishment</i>' includes a fixed place of business through which the business of the enterprise is wholly or partly carried on</li> </ul>
<b>VTPA Comments</b>	<p>This provision is extremely stringent as it tends to equate an implicit guarantee to actual real lending, when in economic substance, the actual lending is done by a third party, and a guarantee is in the nature of an assurance</p>

## **CORPORATES**

### **Section 115JB [Special provisions for payment of tax by certain companies]**

#### **Rationalisation of provisions of section 115JB in line with Indian Accounting Standard (Ind-AS)**

The said section provides for levy of tax on certain companies on the basis of book profit which is determined after making certain adjustments to the net profit disclosed in the profit and loss account prepared in accordance with the provisions of the Companies Act, 1956

- The Central Government notified the Indian Accounting Standards (Ind-AS) which have converged with International Financial Reporting Standards (IFRS) and prescribed the Companies (Indian Accounting Standards) Rules, 2015 which laid down a roadmap for implementation of these Ind-AS
- As the book profit based on Ind-AS compliant financial statement is likely to be different from the book profit based on existing Indian GAAP, the Central Board of Direct Taxes (CBDT) constituted a committee in June, 2015 for suggesting the framework for computation of minimum alternate tax (MAT) liability under section 115JB for Ind-AS compliant companies in the year of adoption and thereafter
- After, receiving various comments/ suggestions in respect of the first and second interim report, the committee examined the same and considered it for its final report which was submitted on 22 December, 2016
- It is proposed to amend the said section so as to align the provisions of section 115JB for the company preparing financial statements in accordance with the provisions of Indian Accounting Standards and to update the provisions of the Companies Act, 1956 referred in the said section in accordance with the provisions of the new Companies Act, 2013. Accordingly, the detailed methodology of computation of book profits for Ind-AS compliant companies have been provided
- This amendment is effective from AY 2017-18

<p><b>Availability of tax credit on MAT / AMT</b>  <b>[Section 115JAA and Section 115JD]</b></p>	<ul style="list-style-type: none"> <li>- Where the foreign tax credit (FTC) available under section 90 or 90A or 91 of the Act, allowed against the tax payable under the provisions of MAT / Alternate Minimum Tax (AMT), exceeds the amount of such FTC admissible against the tax payable under the normal provision of the Act, then such excess FTC shall be ignored, while computing tax credit allowed under section 115JAA and 115JD of the Act</li> <li>- In order to provide relief to tax payer, carried forward of tax credit available under MAT / AMT is proposed to be extended to fifteen assessment years instead of ten assessment years as per the prevailing provisions</li> </ul>
<p><b>Income from transfer of carbon credits</b>  <b>[Section 115BBG]</b></p>	<ul style="list-style-type: none"> <li>- Any income by way of transfer of carbon credits shall be chargeable at ten percent</li> <li>- The assessee shall not be eligible for deduction in respect of any expenditure or allowance in computing the above income</li> <li>- Carbon credit in respect of one unit shall mean reduction of one tonne of carbon dioxide emission/ emissions of its equivalent gases which is validated by the United Nations Framework on climate change and which can be traded in market at its prevailing market price</li> <li>- The Kyoto Protocol commits certain developed countries to reduce their Green House gases emissions and for this, they will be given carbon credits. A reduction in emissions entitles the entity to a credit in the form of a Certified Emission Reduction (CER) certificate. The CER is tradable and its holder can transfer it to an entity which needs carbon credits to overcome an unfavourable position on carbon credits.</li> </ul>
<p><b>VTPA Comments</b></p>	<p>The new section 115BBG has been proposed to be inserted, however, the transfer of carbon credit has been held as capital receipt by various High Courts viz.</p> <ol style="list-style-type: none"> <li>a. My Home Power Ltd. [2014-TIOL-978-HC-AP-IT]</li> <li>b. Subhash Kabini Power Corporation Ltd. [2016-TIOL-1001-HC-KAR-IT]</li> </ol> <p>It would therefore need to be seen how jurisprudence evolves on the taxability of transfer / sale of carbon credits.</p>

<b>Deduction of profits and gains [Section 10AA]</b>	The amount of deduction provided under section 10AA shall be allowed from the total income of the assessee computed in accordance with the provisions of the Act before giving effect to the provisions of the section 10AA and the deduction under section 10AA in no case shall exceed the said total income
<b>VTPA Comments</b>	Recently the Supreme Court in the case of CIT & Anr Vs. M/s Yokogawa India Ltd (Civil Appeal No. 8498 of 2013) has held that Section 10A, is a provision for deduction, the stage of deduction would be while computing the gross total income of the eligible undertaking under Chapter IV of the Act and not at the stage of computation of the total income under Chapter VI. It thus needs to be seen how jurisprudence will evolve in light of the above.
<b>Extending the period of deduction to start-ups [Section 80IAC]</b>	In view the fact that start-ups may take time to derive profit out of their business, deduction can be claimed by an eligible start-up for any three consecutive assessment years out of seven years beginning from the year in which such eligible start-up is incorporated
